*Remembering times we've shared*

*"Memories are pictures  
We've taken through the years.  
Of moments meant for keeping  
As treasured souvenirs."*

*We remember growing up  
And sharing special times with you,  
Grandma.*

*You always thought of fun things to do and  
Interesting things to see and talk about.*

*But what we remember most  
Is the love you showed us.*

*Your warmth and kindness made us  
Feel as special as the times we've shared.*

*We hold those memories close  
To our heart, and we still cherish  
Our time together, because  
Even though we've grown  
And changed in so many ways,  
We're still proud that your our*
